PUBLIC NOTICE

Date. 06.08.2026

Edit Window for Submission of Programme Preferences – UG Admissions 2026–27

It has been observed during the scrutiny of applications received for admission to the Undergraduate Programmes for the Academic Year 2026–27 that a significant number of applicants have submitted their applications by selecting only the Stream (e.g., English Stream, Foreign Languages Stream, etc.) without indicating their **Programme Preferences**.

Since allotment of seats during the admission counselling will be carried out strictly based on the programme preferences submitted by the candidates, applications without programme preferences cannot be processed for counselling.

Accordingly, an Edit Window is being provided to enable such candidates to update their programme preferences from **06.08.2026 to 09.08.2026**.

All applicants are advised to log in to the admission portal and carefully select and save their programme preferences within the above-mentioned period.

Important Instructions:

1. The edit facility is intended only for candidates who have not submitted their programme preferences.
2. Candidates are advised to verify that their programme preferences and other basic information are correctly saved before the closure of the edit window.
3. **Candidates who do not submit their programme preferences by the last date of the edit window will not be considered for admission counselling under any circumstances.**
4. No further request for modification of programme preferences will be entertained after the closure of the edit window.

All applicants are advised to complete the above process well before the deadline to avoid last-minute technical issues.
